By these footings, Randall is 20 ahead. Bar-Barstow's majorities in same counties amounted to 434.

We have nothing reliable from the remaining counties, and think that the official figures will increase Randall's majorities in those given, but the chances are decidedly in favor of Cross' election by a small majority.

THE SENATE.

We are pleased to be able to take the 29th, (Fond du Lac) district, out of the category of "doubtful," and state that Mr. Pier, republican, is elected. This gives us 18 of the Senators, 30 being the whole number, while the democrats have 10, and probably the other two.

CARL SCHURZ.—The Madison *Journal*, speaking of the late canvass in this State, very justly says:

It is yet in doubt whether Mr. Schurz is elected or not, but whether successful or defeated, we feel sure—and now that the election is past, we may say it without the suspicion of insincerity—that a truer, nobler hearted man was never presented for the suffrages of the people of this State than Carl Schurz.

Mr. SCHURZ, in spite of the vituperative attacks of his K. N. and Sham Democratic opponents, made a good run, and probably leads the Republican State ticket.

"RACINE JOURNAL."—This excellent paper comes to us with the announcement that Mr. CHAS CLEMENT, formerly Editor of the *Advocate*, has taken charge as principal Editor. We welcome Mr. CLEMENT back to the chair, and trust that the *Journal* will prosper under his charge.

JANESVILLE CENSUS.—The census of Janesville, just completed, shows a population of 9,676. This shows an increase of 2,658 since June 1855.

What is the Matter with the Wells?

MESSRS. EDITORS—The Daily *Sentinel*, (of which we think a heap down this way), has not been received here by any of your subscribers, since the election. We mistrust something is wrong. Of course "Democratic" postmasters would hardly endeavor to hinder the free circulation of free documents at the north. Whatever the matter is, if we were certain that Uncle Sam's route is unsafe between Milwaukee and Menasha, we would never fail to have a Republican Post-boy on the track immediately.

One thing is certain: If we cannot have the Daily *Sentinel* when due, the waves of Lake Michigan will chant a requiem over the ruins of Milwaukee, sure pop.

Menasha has given a good Republican vote.—The Democratic majority has been reduced 32 since last year.

Wm. Duchman, Republican candidate for Assembly, has a majority of 52 in Menasha.

The Democrats have a majority of only 11 on the question of Suffrage.

Our district has a clear Republican majority.

Yours truly, A SUBSCRIBER.

MENASHA, Nov. 6.

ELECTION RETURNS.—We give below all the returns received up to the hour that our paper was put to press. The vote throughout the whole country is very light, and particularly in the new towns where the Democrats receive the largest majorities. The principal reason for this, we learn, is that *farmers were most all engaged in securing their potato crops*, as the day was fine.—*Green Bay Advocate.*

It appears that the Republican Farmers, in many of our strongest counties, were engaged in the same occupation. We move that, hereafter, "digging potatoes" on election day be made a felony.

Meeting of the Hungry Men in N. Y.—Work or Death.

The unemployed Germans and Irish, to the number of from 4,000 to 5,000, held another meeting in New York on Thursday. They passed resolutions setting forth that they had arrived at the gloomy conclusion, that in this crisis, individual exertions could not procure employment or any means of sustaining life, and calling on the Mayor to provide work for the unemployed and starving, on the contemplated public works.

A number of speeches were made and some of the speakers were particularly vindictive against the wealthy. They marched in a body through the streets to the City Hall, where further speeches were made, and a communication read, designed to be sent to the City Council, asking them carry out the suggestions recently made by the Mayor. The Committee having gained admission to the Mayor's office, presented their petition. The Mayor read it, and said he would ring the Memorial of the Tompkins Square meeting before the Common Council next week. Whereupon Mr. Beeler said:

Mr. WOOD:—You propose to communicate our memorial only next week to the Common Council against which intention we must protest with all our power. The people outside are hungry, and myself the only protector of my family, with six children, being six weeks without working. We cannot wait so long in our present misery. Why has the Report on your Message not yet been published? The Common Council appointed long ago a Committee of Five, and then gave them orders to make their report on or before the first of November. Now, Mr. Wood, to day we are on the noon of the 5th and no report has yet been given. The people cannot wait any longer. * * * Their sufferings are cruel, and we cannot warrant that the people—their patience exhausted—should "help themselves" by employing physical power with its unavoidable brutalities. * * He and his comrades, the Committee, had done all they could to keep the peace, but now the People ask for WORK OR DEATH.

After this speech, the Mayor answered that he would bring the Memorial before the Common Council immediately. The Committee then left, and the meeting in front of the City Hall was adjourned to meet at the same place next Monday. Another meeting, however, was soon after held in the Park, at which a blacksmith named WM. BOWLES, in his speech, said:

There were no doubt many who would help them, but some one was needed to show the rich that the poor were in want. Well then, to Wall street they should go and proclaim their situation. The monied men must shell out to the poor; and, if they would not, the musket would be their resort.

THE CHESS CONGRESS.—The great Chess Tournament in New York has ended by Mr. MORPHY'S winning the decisive game from Mr. PAULSEN.—The *Courier & Enquirer* says:

Mr. Morphy is supposed by the members of the Congress to be the first living player; and we understand that the American Chess Club will challenge Europe to produce a man to play with him next spring in New York for one to five thousand dollars. Mr. Morphy is about twenty years old, small, slightly built, with pale face, dark hair, full brow, and bright restless eyes, expressing a highly nervous organization. We doubt that he will ever play better than he does now; for he plainly has a genius for Chess playing; and it is remarkable that all the great players—those who showed originality—have attained their full power, and their consciousness of it, at a very early age.

SUSPENSION—CHEROKEE INS. & BANKING CO. The Chicago *Press* says:

We are sorry to announce the suspension of Messrs. N. B. Curtis & Co., bankers of Peoria. They were the owners of the Cherokee Banking and Insurance Co., of Dalton, Ga. In relation to the suspension and the bills of this bank, we have received the following note:

TO HOLDERS OF THE CIRCULATING NOTES OF THE CHEROKEE INSURANCE AND BANKING COMPANY.—In consequence of the failure of numerous parties in St. Louis, Chicago and New York to pay their acceptances held by us, we are forced to a temporary suspension. Our assets are very largely in excess of our liabilities, and we expect to resume payment within thirty days. The circulating notes of the C. I. & B. Co., will pay any debt due our house.

Peoria, Nov. 7, 1857. N. B. CURTIS & Co.

There is no price as yet for the bills of the Cherokee Insurance and Banking Company; but we learn that they will probably be worth from seventy-five to ninety cents as soon as the brokers can determine about how long they will be obliged to hold before they can can convert them.

Who are Elected—Who Defeated.

Mr. N. H. Virgin, Republican, is elected Senator by his party majority over Mr. Dodge.

Henry Patch, Esq., Democrat, is elected to the Assembly in the Western district, over Mr. Cole.

Mr. C. K. Dean, Republican, is elected to the Assembly by the central district over Mr. Knowlton.

Mr. H. Robbins, Republican, is elected Assemblyman of the eastern district over L. Coates.

Mr. A. W. Emery, Democrat, is elected in the Potosi district over Capt. Craig.

In the Hazel Green district, the result depends on Smelser, from which we have not heard. That being a Republican town Mr. James Jones, Republican is probably elected. Mr. York was his opponent.

LATER.—York, dem., is elected.—*Grand Co. Herald.*

DEATH OF AN OLD RESIDENT.—Mr. Augustus Rousseau, a French Canadian, and one of the first settlers of Green Bay, died suddenly at his residence in Bay Settlement, on Sunday last.—He was an industrious, kind-hearted man, and his death is severely felt by the whole community. His funeral was attended by friends and acquaintances from all parts of the county, and the large procession was a mournful tribute to the many tribute to the many virtues of the deceased. —*Green Bay Advocate, Nov. 5.*

ELECTION.—The election went off very quietly here on Tuesday last. Many citizens belonging to the pine region are below and some who are at home staid at home, and did not go to the polls.—Consequently, the vote in most of the towns of this Assembly District is light. We hope to be able to give full returns from this District next week. The race between Millard, Republican, and Hinton, Democrat, is very close, but we think that Millard is elected.

The Republican State ticket will undoubtedly go out of the Wisconsin Pinery ahead.—*Plover, Portage Co. Herald.*

Conclusion of the Woodman Case.

Mrs. Woodman's letter to Judge Roosevelt—To the Hon. James J. Roosevelt:

I wish the proceedings before you commenced by Mr. Fornlis in relation to me to be discontinued and ended. I am not in any way restrained of my liberty. Being entirely free, I intend to retire at once to the home of my parents in Mississippi, with my brother C. L. Thomas, who is now present.

Nov 3, 1857. CAROLINE WOODMAN.

Mrs. Woodman to Mr. McDonald—To General McDonald.

Since being an inmate of Sanford Hall, I have been treated by the General and Doctor with great kindness, and also by every one connected with the house. CAROLINE WOODMAN.

Nov. 4th, 1857.

The reading of these documents produced a sensation in the court which can be better imagined than described, and the court and all concerned in the case, seemed immensely relieved.

The writ of *habeas corpus* was then discharged by Judge Roosevelt, and the court adjourned.—*Evening Post, 5th inst.*

CHILDREN IN THE COUNTY.—From the census returns made to the County Clerk of the several Town Superintendents, not including the towns of Howard and New Denmark, there are 3,890 children between the ages of 4 and 20 years.—These towns will probably swell the number to considerably over 4,000.—*Green Bay Advocate.*

CITY MATTERS.

POLICE COURT, NOV. 9.

BEFORE CLINTON WALWORTH, POLICE JUSTICE

DRUNK—Joseph O'Brien, fined $2

DRUNK AND DISORDERLY.—John McCluskey, fined $5 and costs.

LARCENY.—James McNeil, sent to County jail for 15 days.

Michael O'Brien, fined $1 for driving on sidewalk.

THEATRE—RE-ENGAGEMENT OF MR JOHNSON.—We are pleased to learn that Mr. W. F. Johnson has been re engaged for a short season, at the Metropolitan Theatre. Mr. Johnson is a tower of strength to the theatre, and it is to be lamented that his health will not permit him to continue upon the stage. No doubt all in our city who prize good acting would be loth to part with him, and we still hope that he may be able to prolong his engagement. This evening he appears in the play of the *Lady of Lyons* well supported. Mr. Mulholland will also be on the boards, and R. J. Miller, the well known Yankee Comedian, intends to cause no small amount of laughter in one of his droll characters.

A VERY USEFUL TABLE.—We are indebted to Mr. R. E. De Lars, for a neat tabular sheet containing "the Weights, Measures, Moneys and Exchanges of all the principal trading cities in the world, with their respective sub-divisions reduced to the American standard." We should suppose that such a table would be of great practical utility to Bankers, Merchants and Forwarders, as well as of general interest to others. Mr. De Lars, who teaches and speaks fluently, the French, Italian, Spanish, Portuguese, Dutch and German Languages, and speaks and writes English well also, is a translator and accountant, and may be found, by those who desire his services, at the corner of Martin and East-water streets.

LAST BOAT OF THE SEASON.—The steamer *Traveller* left here yesterday for Chicago, on her last trip for the season. She lays up for the winter at Chicago. Navigation will doubtless continue for a month longer, but there are neither freights, nor passengers for the boats. Travel and business are at a pretty low ebb.

STEALING SHINGLES.—On Sunday night, policemen O'Conner and Coulter arrested a man in the 4th ward for stealing a bunch of shingles from Bagnall's Lumber Yard. His name is James O'Neil, and he was sentenced to 15 days imprisonment, yesterday, by Justice Walworth. He took the shingles to cover his shanty.

SILKS AT COST.—In another column of our paper will be found an address to the ladies upon the subject of silk. We allude to the advertisement of Messrs. Adler, Newbouer & Co., No. 19 Spring street. These gentlemen have determined to dispose of their large stock of rich silks at cost, as they are going out of that branch of business.

FIREMEN'S BALL.—We are informed that the members of Engine Company No. 3 intend giving their annual ball on the 26th inst. No. 3 is composed of a tip-top lot of fellows, and we heartily wish them a successful party, and a very merry time.

BURGLARY.—A thief broke into the store of Hunn & Goodrich, near the Post Office, on Saturday night, and carried away a watch and a piece of cheese. He entered by the cellar door, in the rear of the store.

FREE LUNCH.—Mr. J. H. Green has taken the large beer Hall on the corner of East Water and Oneida streets, which he opens to-day with a free lunch to his friends and the public. All are invited to attend.

PERSONAL.—The Hon. C. BILLINGHURST, our Republican Representative, arrived in town yesterday, and took lodgings at the Newhall House. He is on his way to Washington, and is accompanied by his family.

Business and Politics.

The *Free Democrat* states that men will patronize the Printing Establishments which do their work on the most reasonable terms.

The *Daily News* says they purchase their Dry Goods and Groceries on that principle.

If this principle is to govern our citizens generally, we shall soon have a large increase of Business; for we have the largest stock west of New York, which we are offering at *much lower rates* than any other house in the west.

We will duplicate any Bills made in the Eastern cities.

An impression exists that we are doing exclusive a wholesale business. This is a mistake.—The retail purchaser can be accommodated with any quantity he needs, and can save money by buying from us.

We have *everything* ever kept in a first class Book and Stationery Store, and do Binding, Blank Book Manufacturing and Printing, promptly and well. Try us.

☞ *Almost everybody has heard of "Wood's Hair Restorative."* That the word "Restorative," in this case, is no misnomer, we have the testimony of individuals whose elevated position in the country, as well as their acknowledged and honorable character as gentlemen, render whatever they publicly assert in the last degree reliable. Several of these have *tested*, personally, the merits of the preparation we are now speaking of, and certify to its amazing efficacy in the most public manner possible. Their certificates can be seen at the proprietor's depot, 304 Broadway, New York, and one, seen and properly appreciated, is we have no hesitation in saying they will impress conviction on the most skeptical mind. Wood's Hair Restorative is, doubtless, the best article of its kind ever yet produced.

It is destined to prepare, in a short time, health and beauty to the decaying, fading and dead, restoring as if by magic, that which was supposed to be irrecoverably lost. Heads nearly bald, and others nearly white, are daily being changed to their pristine beauty, and faces covered with pimples are rendered as smooth as an infant's and blushing as a rose, all by the use of Prof. Wood's Hair Restorative. For sale at 114 Market Street, and by all Druggists.—*Chicago Times.*

Sold by all good Druggists.

☞ The brig Stambach has gone to pieces at the South Manitou, where she went ashore

☞ The schr Oriental, with a cargo of lumber from Coburg, went ashore in the late gale a few miles below Oswego. She is owned by E. R. Johnson, of Buffalo.—No further particulars.—Insured.

THE GALE.—During the blow of Friday night, the little wood scow, Dove, with a cargo of wood, and the schooner Calcutta, laden with lumber, grounded in this harbor, the scow going to pieces and the schooner filling. The crew got off safe, and the Calcutta was hauled off and into the river Saturday, all right.—*Chicago Tribune.*

☞ The schooner Vincennes went ashore on the east shore of Lake Michigan near St. Joseph, on Sunday of last week. She has gone to pieces. Owned by Ellis & Gray, of Utica.—*North Ind., Nov. 2,000.—Cayuga Press.*

ASHORE.—The schooner Hubbard, bound down, got ashore on Hoste Island early yesterday morning.

The propeller Oneida, down, ran a hole into the same place. She will probably be got off by lightering.—*Det. Adv., 7th.*

Barque R. H. Rae.—On Saturday last the new bark R. H. Rae, Capt. Wm Bowman, was towed into port by the propeller Leviathan. As she rounded the pier with a strong southeaster blowing, her appearance attracted much attention. All who saw her were lavish in their expressions of admiration. She is not built on shin-in the bows as most of our lake vessels, but her lines are perfection as a beautiful model for coming, being built for the trans-Atlantic trade, she is strong, built, and more closely resembles the ocean vessels than our lake craft. She is 165 feet long, 26 feet 4 inches in beam, 11 feet 6 inches deep. Has Lloyd and Am. Bureau plank, and is now reading top sails, and Capt. Bowman informs us that during the stormy west er of the past two weeks, he has not seen a man aloft. They work to a charm.

The Rae is owned by Dr. Rae, the Arctic navigator, and will lay up with his port till spring, when she will sail direct from this port for Europe. She brought up a cargo of lumber from Port Burwell.—*Chicago Press.*

☞ Office of Darlington.—Capt. Whipple, of the Pottawatomie lighthouse, gives notice that a cast iron tower having been constructed upon the head of the west pier at the mouth of Huron Bay, Mich., a fourth order catadioptric illuminating apparatus, on the system of Fresnel, will be placed in it and lighted on the evening of the 15th inst., showing a white light of the natural color. The light of the focal plane above the surface of the lake is forty feet. When the atmosphere is moderately clear, the eye of the observer being fifteen feet above the water, the light should be seen 13½ miles from greater elevations it would be visible a longer distance.—*Det. Tribune.*

The Tonawanda, W. T. Co., also passed up with a full load of goods for Milwaukee and Chicago.

A Mirror for Tax-Payers!

We published yesterday a statement in detail of the assessment, per centage of tax, and amount to be raised, in each Ward of our city. The figures are suggestive, to say the least. Let us see how the State and City Tax, for *two* years past, compare:

STATE TAX.

1856—Under Republican Admin.,	$300,000
1857—Under " "	200,000

☞ Not a dollar increase.

CITY TAX.

1856—Under Democratic Admin.,	$119,879
1857— " " "	300,794
☞ Increase in *one* year,	$180,805

The contrast is a striking one. While the State Tax, under our Republican Administration, has not been increased one cent, the City Tax under our Democratic Administration, has been swollen from *One Hundred and Twenty Thousand* to THREE HUNDRED THOUSAND DOLLARS! Say more; Democratic "economy" has run up a larger bill for the people of this single city to foot, than Republican "extravagance" has cost the people of the entire State!—How do the Voters of Milwaukee, who were beguiled by specious sophistries, false pretences and empty professions, into the support of the so-called Democratic ticket—how do *they* like the picture? Do they not begin to think that they are "paying too dear for the whistle?"

The Republican Party.

The New York *Tribune* has the following pertinent remarks in reply to sundry articles in democratic papers to the effect that the Republican party is "dead:"

The Republican party is the organization of the Free Labor sentiment of this country, as the Continental Army was the organization of the Revolutionary spirit of '76. The people did not rise to fight a battle, but to secure a principle for which they might have to fight many battles. They carried the contest through seven years, from Concord bridge to Yorktown, by the way of Trenton, Monmouth, Long Island, the Cowpens, Saratoga, and many other fields of mark; and they stopped at Yorktown, not because the enemy lost that battle, but because they were then willing to concede the principle for which all the battles had been fought.

Wouldn't it have been a wise Tory who said, after the Americans were victorious at Monmouth, "There! you've beat, we always said you were making a great fuss about nothing—you've gained the day, and there's the end of you!" So a man finds a thief in his room, with his hand on his watch. He kicks him into the street, and Light-finger turns round and cries,—"Got your watch? Of course, I haven't got your watch. I never expected to have it."

Except he had been kicked out, he would have stolen the watch—except the Americans had conquered, we should be prostrate still—except for the 1,200,000 Republican votes in 1856, the 1,600 Oxford votes would have been received without a qualm in 1857; and it is as ingenious to suppose the Republican party is at an end because Kansas is free, as it would be to suppose that the owner of the watch would hereafter leave his door unlocked because his watch was not stolen. Wherever the enemies of Free Labor mean to fight the battle which their own repeal of the Missouri Compromise has engaged, there the Republican party will be found and ready for the conflict.

It is not a Kansas party, nor a Nebraska party—nor a New Mexico party; it is the party of the rights of Free Labor wherever they are assailed; and who believes that the partisans of Slavery are going to confess that Kansas is their York town? Until the question of Slavery is finally driven out of national politics, not by allowing the Slave party to have its way, so long will there be a Republican party.

The *Tribune* is unquestionably right, and any great emergency which calls upon the voters to act will prove it. And, however appearances may be to the contrary, our own State of Wisconsin is no exception to the statement that the principles which lie at the bottom of the Republican organization are fast rooted in all of the free States. If our Democratic opponents in this State had avowed the wish for such results in the case of Kansas, as their principles lead to, and their party friends in the Territory are laboring for, they would have suffered, as before, a complete overthrow, even with the light vote cast; but on the contrary, they claimed that *they* were the sole friends and supporters of Freedom and Popular Sovereignty in Kansas.

But we do not care now to apologize for the probable defeat of the Republican party in this State, on the general ticket. Whether our ticket is barely saved or just lost, it is certain that by the shameful apathy and want of organization of our party, our large majority of 18,000 last fall and last spring is frittered away by driblets in the various counties and towns throughout the State; and in a single year, our opponents, by greater exertion, by activity at the polls, by better organization, to say nothing of other means not so creditable, have earned the right to rejoice over a substantial victory. Let them rejoice. If those who belong to the party of freedom do not care to stretch forth their hands to secure their ascendancy, and preserve their noble stand among the Free States, then they must be satisfied to hear the party in whose strength Slavery waxes fat rejoice over *its* victories.

We confess that we do not like the music, but we can endure its discordant jargon as long as others can.

More Democratic "Disunionism."

Col. Jefferson Davis, one of the mandates of the Democratic party, and a member of Mr. Pierce's cabinet, in a speech made recently in Mississippi, said that if Kansas should come in as a free State, he believed that "in view of the disastrous consequences to Slavery sure to follow," it would be better to "sever, whatever the consequences, a connection which would thus jeopardize Southern rights and interests."

Mr. Davis belongs to that class of democratic politicians who lose no chance of abusing the Union of the States. His democratic co-laborers in the North, were with him in passing the Kansas bill, because, as they said, it would take the question of slavery out of Congress, and give it to the people to decide upon. Now that the people *have* decided, the fire-eaters propose to dissolve the Union because of the decision!

☞ The city of Waukesha gave Randall 58 majority—last fall Fremont received 154 majority—a democratic gain of 58 votes. This is Randall's home.—*Fond du Lac Journal.*

The city of Milwaukee gave Cross about 2,500 majority—last fall Buchanan received 3,300—a Republican gain of *eight hundred.* This is Cross' home.

TWENTIETH SENATE DISTRICT.—The Fond du Lac *Journal* (dem.) of Saturday, says that EDWARD PIER, Republican, is elected Senator in that county by about 29 votes. Passengers who came in yesterday by the morning train from Fond du Lac, confirm the intelligence. This gives the Republicans *eighteen* Senators certain, out of thirty—a majority of *six.*

AN AGREEABLE COINCIDENCE.—On Monday night, Col. Fremont, who has been in California, arrived at New York, in the Quaker City from Havana. On Tuesday morning, his wife, who has been on the other side of the world, in Europe, arrived in the Arago.

THE NEW "HOLY ALLIANCE."—Russia, it is now stated, joins England and France in the hostilities against China; so that we have the curious spectacle of the three leading nations of Europe, which were engaged a year or two ago in the conflict with each other about the bed of the "sick man," Turkey, now in close alliance, pressing the life out of the sick subject, in the Person of the Emperor of the Central Flowery Kingdom—the "Brother of the Sun and Moon."

Gov. Walker and the Administration.

We have already mentioned the excitement created in New York by the despatch to the Daily papers, from the agent of the Associated Press at Washington, stating that Gov. WALKER had incurred the displeasure of the administration and the risk of removal from office, for rejecting the *bogus* election returns from Johnson and McGee counties in Kansas. Such was the effect of this dispatch that an official and peremptory contradiction was deemed indispensable by the Sachems of Tammany, and accordingly Mr. BUCHANAN himself was telegraphed to on the subject, and promptly replied, by the same conveyance, that "there was not a word of truth in the story." This Presidential denial was duly paraded in the New York Democratic papers, on the eve of election, accompanied with many indignant comments upon the "Republican" Telegraph operators, for manufacturing and transmitting false reports in the hope of making political capital. The election is past and gone, but the Washington dispatch, and the President's denial of its truth, are still the theme of active discussion in the New York press.

As to the dispatch, it appears from the *Tribune* that the person who sent it is the regular news agent of the Associated Press at Washington, a Southerner by birth, and a Democrat in politics. It further appears that substantially the same news was transmitted to different southern papers, by *their* regular correspondence, who made much of the devotion shown by President BUCHANAN to the interests of the South, in calling Gov. WALKER to account for exposing the Pro-Slavery, *alias* "National Democratic" frauds in Kansas. Here, for instance, is what the correspondent of the Richmond (Va.) *Enquirer* wrote:

FROM WASHINGTON CITY.
Correspondence of the Richmond Enquirer.

WASHINGTON, Monday, Nov. 2, 1857.

President Buchanan most unequivocally condemns the action of Gov. Walker touching the Kansas elections, but yet there will be no removal. Gov. Floyd was telegraphed to New York on Friday evening last, to hurry home to attend to a Cabinet meeting to-day on the subject of Kansas, and I feel assured, Walker's actions will be pronounced an error, and he will be reprimanded for falling into it in direct violation of his instructions of Sept. 9th, in which he is specially charged to leave all questions of fraud to the Legislature, where it probably belonged.

The President regrets this blunder the more, as it places the Southern members of his Cabinet in an unpleasant position, and is likely to reopen the Kansas question throughout the South. Mr. Buchanan is surprised that Gov. Walker should have fallen into such an error, as his instructions were too plain to be misunderstood, and were prepared to meet precisely the state of the case which occurred. Yet, he says it was only an error, and his *first* one, which is also rather a matter of surprise, as he has had to steer through a narrow, crooked channel, full of snares, and enveloped in fog.

The impression of Gov. Walker's friends here is, that he will receive the reprimand, acknowledge the blunder, and let his name be submitted to the Senate. If the Southern fire-eaters are disposed to reject him, let them do so. Better this than sneak out of the difficulty as his predecessors did. Let the Senate reject him and he will occupy a position from which he can properly defend himself and the Administration. Should he resign he will probably sink into political oblivion, from which no future act can resurrect him.

Now the *Enquirer* is relatively, to the *South*, the Charleston *Mercury*, the N. O. *Delta*, &c., a *moderate* Pro-Slavery paper, and always disposed to put he most favorable light upon Buchanan's acts. It is "instructive to remark," therefore, that *its* version of the Walker and Buchanan story is substantially the same as that telegraphed to the N. Y. papers, subsequently denied by the President, and thereupon denounced by the party organs as a "Black Republican invention," got up to influence the pending elections.

The public will watch, with interest, the development of this mystery. Gov. Walker, according to the latest reports, had left Kansas and was on his way to Washington. He has doubtless been summoned thither to explain the "direct violation of his instructions," involved in his rejection of the *bogus* Border Ruffian votes. It remains to be seen whether the President will venture to remove, or the Senate attempt to reject him, for the high crime and misdemeanor of *voting once*, showing the free State men in Kansas fair play; or whether, to still the rising excitement and save further exposure, he will be persuaded to resign the Governorship of Kansas, and accept some other office in its stead.

QUIET ELECTION IN NEW YORK CITY.—The N. Y. Commercial *Advertiser* of the 3d says:

"We believe it will be conceded by all parties, that never since the city of New York approached its present density of population, has an election passed off so quietly, or order been so universally preserved, as during yesterday. The papers of all parties cheerfully admit this."

So much good, then, has been gained by the new police arrangements, which have been so distasteful to the democracy, and against the carrying out of which that party has made such an outcry.

EMIGRATION FROM IRELAND.—The total number of emigrants from Ireland from the 1st of May, 1851, to the 1st of September, 1857, was 460,840 males, and 450,325 females—together, 910,966. In the first eight months of the present year, the number of emigrants from Ireland was 72,186. It is estimated that the population of the Island is now 6,015,768, against 5,642,385 in 1851.

AN AMERICANIZED JAPANESE.—Senator Gwinn has brought to Washington, D. C., from California, a youthful Japanese, named Joseph Hoco, who has since acquired a good American education. He is believed to be the only Americanized Japanese in the country, and as he possesses perfect familiarity with the language, habits and laws of his native land, he will probably prove a valuable agent of our Government in its intercourse with Japan.

RACINE & MISSISSIPPI RAILROAD.—The Elkhorn *Independent* says that Mr. Durand, the President of the Racine & Mississippi R. R., has secured a loan of $500,000, in order to complete the road to Freeport the present season. If this be so, Mr. Durand has been exceedingly fortunate in these times.

UGH!—In looking over the schedule of articles to be presented to the different Indian tribes, for which the Secretary of the Interior invites proposals, we observe the item—"two hundred dozen scalping knives."

Death of the Secretary of State of North Carolina.

William Hill, Secretary of the State of North Carolina, died at Raleigh on Thursday last, in the 84th year of his age. Mr. Hill was a native of Stokes county, and came to Raleigh in the year 1795, as a clerk to James Glasgow, then Secretary of State. He was succeeded by William White, and on Mr. White's death in 1811, Mr. Hill was elected Secretary of State, and filled the office to the day of his death, a period of forty-six years. In all the mutations of party, none attempted his removal.

The above case is remarkable in such a land of office seekers and of changes, as the United States.

California Election—Complete.

The full returns of the late state election in California are received, and the figures stand as follows:

Governors.	
John B. Weller, dem.—	53,022
Edward Stanly, rep.—	21,049
G. W. Bowie, K. N.—	19,481
For passing state debt,—	57,661
" repudiation	16,970
For Constitutional Convention	30,226
Against do.—	17,680

Weller (Dem.) over Stanly (Rep.) 32,082; Stanly over Bowie (Am.) 1,559; Weller over both, 12,601. Majority for paying State debt, 40,691; majority for calling State Convention, 12,546.

The vote on Governor shows a falling off in the aggregate vote of the State of 16,551 since the Presidential campaign of 1856, when the total vote cast was 110,223; of which Buchanan received 53,385; Fillmore, 36,165; and Fremont, 20,693."

The Legislature stands as follows:

SENATE—Republicans, 5; Democrats, 87; Americans, 4.

HOUSE—Republicans, 9; Democrats, 67; Americans, 5.

ORIGIN OF THANKSGIVING DAY.—The New York *Times* and some of the Philadelphia papers have expressed their disapprobation of the appointment of a Thanksgiving day. They think a day of fasting and prayer would be more appropriate, as though in the present distress we had nothing to be thankful for. To those, who think thus, the following history of the origin of Thanksgiving Day may prove instructive:

"When New England was first planted, the settlers met with many difficulties and hardships, as is necessarily the case when a civilized people attempt to establish themselves in a wilderness country. Being piously disposed, they sought relief from Heaven, by laying their wants and distresses before the Lord in frequent set days of fasting and prayer. Constant meditation and discourse on the subject of their difficulties kept their minds gloomy and discontented, and like the children of Israel, there were many disposed to return to the land which persecution had determined them to abandon.

"At length, when it was proposed for the assembly to proclaim another fast, a farmer, of plain sense, rose, and remarked that the inconveniences they suffered, and concerning which they had so often wearied Heaven with their complaints, were not so great as might have been expected, and were diminishing every day as the colony strengthened; and that the earth began to reward their labors, and to furnish liberally for their sustenance; that the seas and rivers were full of fish, the air sweet, the climate wholesome; above all, they were in full enjoyment of liberty, civil and religious. He therefore thought that reflecting and conversing on these subjects would be more comfortable, as tending to make them more contented with their situation; and that it would be more becoming the gratitude they owed to the Divine Being, if, instead of a fast, they should proclaim a thanksgiving. His advice was taken, and, from that day to this, they have in every year observed circumstances of public happiness sufficient to furnish employment for a thanksgiving day."

FREIGHTS AT MCGREGOR FOR OCTOBER.—The McGregor, Iowa, *Times* says, in relation to freights landed at that place, coming by river and by the Mil. & Miss. R. R.:

We are indebted to the politeness of Mr. Culver, of the McGregor Ware House, for the following figures for the month:

Tonage by R. R. & Ferry,	480,700 pounds.
Steamboat "	365,900 "
Tonage by R. R. & Ferry,	480,700
" Teamed from " "	120,175
Total by R. Road,	600,875
Tonnage by River,	365,000
Total for the month,	965,875
Excess of R. R. Tonnage,	235,875

Taking into consideration the extreme tightness of the money market and the *closing* effect it has had upon commercial enterprise, the figures are highly gratifying. An average price for wheat this fall, say 65 to 75 cents, would have run up a freight business at this point which would have astonished those who judge of our little city merely by the ground it covers. We have no doubt that a second Ferry Steamer will be required by the commencement of another Fall Trade. In addition to the amount of imports, we shall want to ship between now and the next harvest, over Two millions of bushels of Grain. Though business is dying now, necessity will compel a most active resurrection next spring—prices may be low, but the grain must get out of the way of the next crop.

Minnesota Election—The Latest.

FLAYING THE BARSTOW GAME.

A gentleman from St. Paul has handed us the papers of that city of the 4th inst. The Pioneer [dem.] has pretended returns from Pembina and Cotton Wood Counties, which put Sibley over 200 ahead.

The *Minnesotian* says that there are only *four men* in the latter County, and the gentleman who furnished us the paper confirms the statement from his own knowledge.

The official returns received at the Secretary of State's office give Ramsey 888 maj.—*Madison Journal.*

The Result and Its Effects.

Last year the Democratic party of this State, through no lack of organization or address, but on account of the popular odium which attached to them as endorsers of a Pro-Slavery Administration, went into a hopeless, powerless minority.

This year, their efforts to recover lost adherents proved futile. Small as was their vote in 1856, it is smaller in 1857. They lose three thousand in New York. They lose two thousand in Brooklyn. They lose several hundred in Albany.—They lose in Erie. They lose, in fact, all over the State.

And yet this strange spectacle is presented.—The minority so weak last year, and so much weaker this year, has actually closely contested with the Republicans, and perhaps absolutely carried the State!

We do not believe that New York is one whit less devoted to the policy of Freedom in the Territories than she was last year, or one whit more inclined to endorse the policy of Mr. BUCHANAN. Indeed the figures prove it. But thousands who voted for FREMONT last year, and who now entertain the same political faith as then, have been content with belief, instead of action. Thousands have neglected to vote, some because they thought "one vote was not needed," some because the hard times and business anxieties engrossed all their attention, and some because they believed that fiction so industriously circulated by the Democratic Party, that "this was a mere State election, having no bearing on National Politics."

How false this pretence was, is now apparent. The same party who before declared the election had nothing to do with National Politics, are now heralding the result on the wings of the Telegraph from Maine to Kansas, as an endorsement of Mr. BUCHANAN'S Administration. Whether it turns out to be a small Democratic majority, or a reduced, Republican one it will be exulted over in the White House, and on Southern Plantations, at Pembina and at Lecompton, as new immunity given to Fraud and Slavery!

It is not our province to be the censors of those who, by their apathy, have suffered the election to go by default. But it is our duty to point out the consequences. We here venture the prediction, that when MINNESOTA, KANSAS and OREGON come to the doors of congress, next winter, their admission as Free States will be *resisted.* The result of the election in New York will be pointed to, as proving that public opinion has grown indifferent to Territorial Freedom, and Compromises will be insisted upon, giving Slavery counterbalancing advantages. This is the struggle before us now.

For ourselves, we enter again upon that struggle with unabated faith and hope. However long, it cannot be doubtful. The right, in the end must triumph. There is encouragement in the reduced Democratic strength in this State. There is still encouragement in the stand so nobly maintained by Massachusetts, Iowa and Ohio. And even the untoward results here, will not be without its advantages, for it will impress upon the friends of Freedom in New York, that lesson, so often learned, so often forgotten, that "Eternal vigilance is the price of Liberty." *Albany Ev. Journal, Nov. 6th.*

Ohio a Slave State.

It has been asserted by the Republican papers over and over again, that the Dred Scott decision makes Ohio a slave State, and a decision yesterday in Cincinnati confirms that view.

On Monday a slave owner, with his three human chattels, arrived at Cincinnati, *en route* from Missouri to Virginia. When the boat on which the slaves were, was lying at the levee, a writ of Habeas Corpus was issued by Judge Burgoyne, and the Sheriff brought the slaves before that Judge who appointed Eggleston guardian of the slaves during the pendency of the case, and then adjourned the hearing one day, on motion of the counsel for the slave owner.

On Tuesday morning, another writ of Habeas Corpus was issued by Judge Carter, at the instance of the slave owner, and they were brought before that Judge, where the owner claimed them as slaves and as owing service to him in Virginia, and Judge Carter delivered them up to the owner.

In this case there was no pretence that the slaves had escaped, for they were brought into the State voluntarily, by their master, and, in fact, were desirous to remain with him. The naked fact decided, without any reference to the wishes of the slaves, themselves, is, that a man can hold slaves in Ohio, temporarily, which means so long as the master and his slaves do not intend to make Ohio their permanent residence. Such time may be an hour, a day, a year, dependent entirely upon the whim of the master. By this decision Ohio is virtually a Slave State.—*Cleveland Herald.*

A Father and three Children Drowned.

JAMESPORT, SUFFOLK CO., L. I., Nov. 3.

Yesterday our quiet little village was thrown into the greatest distress. About 10 o'clock, Mr. Josiah W. Haskell, formerly of Brooklyn, took his three little boys of 8, 6 and 10 years of age, to give them a sail on Little Peconic bay. The weather at the time was remarkably pleasant and very little wind. They had been absent but little more than an hour, when their boat was seen to capsize, by what means we are unable to say, as Mr. Haskell was an expert boatman and was in the habit of going on the bay in all sorts of weather. The presumption is that a sudden flaw of wind struck the boat, and the father and three little ones were drowned. Up to this time the body of the youngest only has been recovered.—Mr. H. leaves a wife and infant child about two months old.—*Tribune.* (*N. Y.*)

THE SELFGOVERNORS AGAIN AT THE MAILS.—When shall we have an Administration that will protect the public mails from espionage and robbery? The publisher of the Sabbath Recorder, a Baptist paper in New York, has received the following letter from the postmaster at Jacslew, Lewis county, Ky.:—"DEAR SIR:—I have been notified to examine your papers and find it contrary to the laws of this State to hand it out of my office. You had better discontinue the paper. Your subscribers here, are Rev. Samuel D. Davis and P. Pond. I shall retain your paper and not hand it out of my office.

"M. W. BALL, P. M."

THE CAMEL EXPERIMENT.—The latest advices received here concerning the progress and promise of the camel experiment of the Government, in its military operations on the frontier, continue to confirm the predictions of its friends. From the day the animals were landed on the coast of Texas to this hour the experiment has proved an eminently successful one; and the experience had with them as beasts of burden has been such that all concerned in their management did use are unanimously of opinion that they suit as beasts of burden, the requirements of our great western plains as well as those of Asia and Africa. In persevering to obtain from Congress the means of making these experiments, and in his sagacious arrangements to consummate them to the best advantage, the late Secretary of War has certainly conferred a benefit on his country second to none other for which the nation has so far been indebted to a similar official position.—In twenty-five years hence camel trains will be well be nigh as common in the far west of the United States as on the old traveled routes of the east. By this time next year they will doubtless be imported on private account, and be in actual use by citizens crossing the great North American desert.—*Washington Evening Star.*

THE CHANGE OF JOCKEYS.—A good many people are puzzled to know why Mr. Ten Broeck changed the jockey upon Prioress in the Cesarewitch, after the dead heat; but there is a very handy reason for that policy, which all turfmen will readily understand. Apart from any supposition that Mr. Ten Broeck may have been dissatisfied with the first jockey for not having been sufficiently watchful to prevent the jockeys of El Hakim and Queen Bess from landing their horses nose and nose with the mare, he doubtless tho't it wise to have a fresh rider, who would not know he was called upon for such service, until the moment the horse was required at the post. A great deal of mischief may be done with a jockey in the interval between heats, and as Mr. Ten Broeck was "going for even" on the season, and betting very heavily, he probably thought he might as well be safe from outside danger. This change of jockeys is characteristic of Ten Broeck as a manager.—*Spirit of the Times.*

A GALLANT WAGER PROMPTLY PAID.—A beautiful and lovely woman, the wife of a prominent "Republican" politician, of Toledo, arrived in this city yesterday, to pay a wager of a kiss that Chase would be elected by a majority of five thousand, which bet she made with a well known Democratic lawyer residing on Fourth street.—According to the agreement, the loser was to come or go all over the way to the other and pay the indebtedness by the first of November, which condition she fulfilled by arriving and proffering payment yesterday,—thus anticipating the specified period by a day.—[*Cincinnati Enq.*, 1st.

LIKELY AND UNLIKELY.

It is not likely M. de P.
Will disappoint you with their Tea,
Since they have in each transaction,
Given the public satisfaction.
That they will succeed in pleasing you;
Approval they deserve from all
Who call at their well known store call.
It's likely that the coffee, too,
Will be admired as much by you,
For be it understood that these
Are quite as faultless as the Teas.
The not *unlikely* when you buy,
From M. & P.'s first rate supply,
That you will freely recommend,
To every relative and friend,
Their Teas and Coffees understood
As being *really cheap and good*.

IMPORTANT TO THE LADIES.

I HAVE JUST OPENED an invoice of goods which are to go to sale at auction; I therefore will sell the first private sale, at 20 per cent less than what they are worth, and 30 per cent less than you can purchase them in the store. The goods consist of White Flannels, Colored Flannels, Twilled Flannels, some French Merinoes, some all wool Delaines, Silk Velvets, &c. The assortment is not very large, but what there is is of unsurpassing beauty, and I will sell the goods for good mortgages, running 1, 2, 3 years, or I will exchange said farm for Mil. & Miss. R. R. stock. Here is a great chance for some one to get a good home, one of the best boys to go on the farm from the city. With everything that ones heart could desire, with a good house and splendid barns, which would rent in Milwaukee for six hundred dollars a year.

CALEB WALL.

N. B.—If the said farm is not sold in thirty days, I want a good, honest, quiet man and his wife to take care of said farm and all the stock through the winter, and purchase what is necessary for the same. I may conclude to keep the farm. Such a chance for some one to get a comfortable home for the winter. I do not care what country they are from, but will require good references.
